

DTE Electric Company — Monroe Power Plant  
Coal Combustion Residuals  
Annual Fugitive Dust Report

**Report Summary**

This annual CCR fugitive dust control report has been completed pursuant to 40 CFR 257.80(b)(7)(c). The report includes a description of actions taken to control CCR fugitive dust, a record of citizen complaints, and a summary of any corrective measures taken. In summary, this report documents that the fugitive dust control measures are applicable and appropriate for site conditions.

**CCR Fugitive Dust Control Actions**

- a. No control activities were required at the Fly Ash Basin beyond the daily maintenance and operational control activities completed pursuant to the site fugitive dust plan.
- b. No control activities were required at the Vertical Extension Landfill beyond the daily maintenance and operational control activities completed pursuant to the site fugitive dust plan.
- c. No additional control activities were required for the inactive Bottom Ash Impoundment beyond the daily maintenance and operational control activities completed pursuant to the site fugitive dust plan.

**Citizen Complaints**

No citizen complaints were received from November 2, 2020 to November 1, 2021.

**Corrective Actions Taken**

No CCR-related corrective actions were necessary from November 2, 2020 to November 1, 2021.

**Reported Dates:** November 2, 2020 – November 1, 2021

**Completed :** 11/19/2021
